

June 10, 2020

ARC Guidelines for Reopening to be in place until further notice:

ARC will reopen to MEMBERS ONLY on WEDNESDAY, JUNE 10, 2020. No guests, visitors, family members, or tour groups until further notice.

Prospective new members, RCSCW staff and deliveries are the exception.

Six foot intervals are indicated on the sidewalk leading up to the front door. It is recommended that the handicap button be used to open the door entering or leaving. Please maintain six foot social distance whenever possible.

A plexiglass barrier is placed between the Deck Monitor and any member entering the shop. The member must show his/her badge and log in as usual.

The monitors and shop foreman will direct members to whatever area they are signed up to work.

Stools will not be used around the monitors desk and only 3 chairs will be located at the lunch table for social distancing. No close proximity for sitting, standing to congregate in the area.

Safety, monitor and lift classes will be limited to 5 plus the instructor.

Member Responsibilities:

While the Rec Center and ARC are taking appropriate steps to provide a safe and clean environment, members use these facilities at their own risk.

Members must abide by CDC guidelines, remain home if not feeling well, have a fever, or have been in contact with someone with Covid-19.

Members are advised to wash their hands frequently and touching their face. Avoid congregating and avoid touching shared objects as much as possible.

Additional sanitation supplies will be available for member use. Members are expected to wipe down items as needed.

Masks are encouraged, but not required for club members. Members are responsible for providing their own masks. Maintain proper social distancing whenever possible.

Members are expected to comply with these guidelines; failure to do so will jeopardize the safety of all members and will not be tolerated; appropriate action will be taken as needed.
